## NTE118 Selenium Rectifier High Voltage for TV Applications

### Nominal Values:

D.C. Voltage .....	6,500V
Pulse Voltage .....	8,000V
Direct Current .....	200 $\mu$ A

### Maximum Allowable Values:

No-Load D.C. Voltage .....	7,500V
Pulse Voltage .....	8,400V

### Limiting Values:

No-Load D.C. Voltage .....	8,500V
Pulse Voltage .....	9,800V

### Thermal Characteristics:

Ambient Temperature, $T_A$ .....	+50°C
Maximum Allowable Case Temperature, $T_C$ .....	+80°C
