### For LAN interface (10/100/1000BASE-T) **ALT series**

TRANSFORMERS

# ALT3232M, ALT4532M type

## **FEATURES**

**Pulse transformers** 

○ The ALT series contains wound chip type pulse transformers developed for LANs.

- O Compatible with 10BASE-T, 100BASE-TX, and 1000BASE-T.
- O High-quality product that uses auto winding.
- Conforms to the RoHS directive.
- Operating temperature range: -40 to +85°C (including self-temperature rise)

### APPLICATION

O LAN interfaces of various devices including network devices, communication equipment, digital consumer electronics, etc.
