

PCA4650G02

Converter for Connecting Emulator Probe to RSS Type Emulator MCU
(for PCA4600 system)

Function

The PCA4650G02 is a converter for connecting the emulation pod (M38000TL-POD or PCA7732G04) for the PCA4600 to the RSS type emulator MCU (M3XXXXXRSS, M3XXXXXERSS, and M3XXXXXRLSS).

Application

Use the PCA4650G02 to connect the probe of emulation pod to the PCA4650G02's connector. Insert it into an RSS type emulator MCU and lock down by screw.

The PCA4650G02 is a standard equipment of the M38000TL-POD emulation pod.

Dimensions

35.6(D)×18.0(W)×17.2(H)mm
